

# OUR TOURS WITH PRIVATE CAR

Dear friends, dear Madam, dear sir, dear guests,

With **Capung Sakti Villas by the Fair Future Foundation**, with the all the Foundation Angel's, we try to offer you very **different tours and different activities**. Not only the major attractions of Bali, but as well the **unique cultural and traditional places** that make Bali so special...

Sharing time with local people for example, give a hand, some help to the Medical Team to do some Home Health Medical Care? It's also possible.

Helping the **Fair Future Foundation** (*medical activities*), Climbing Volcano's, diving, cycling, fishing, rafting, trekking, cultural visits, Barong Dance, Kecak Fire Dance, traditional musicians, woodcarving, stone carving etc... Ask **Eka for more informations** about the prices and the tours.

Bali is **blessed with traditional** that can only be seen on this small island. We provide you with the opportunity to see **the unique culture** that any visit to Bali should include. While many tours in Bali are similar, our tours will take you **off the beaten** path to allow you to witness many traditional ceremonies. These ceremonies will vary depending on the Balinese Hindu calendar; but can include **temple ceremonies, cremations, teeth filings**, and even the chance to attend a **Balinese wedding!**
